

Ferretti INFYNITO 80

Ferretti INFYNITO 80

The Ferretti Yachts INFYNITO 80 introduces a new concept of sustainable yachting, combining refined design, extended outdoor living spaces, and a seamless connection between interior and exterior areas.

Designed to be enjoyed in all seasons, the yacht features above-average covered exterior spaces, allowing owners to stay close to the sea and surrounding environment while maintaining maximum comfort on board.

The interior reflects a strong commitment to sustainability, with the use of eco-friendly materials such as natural fabrics, regenerated leather, bamboo elements, and recyclable finishes. Every detail is carefully selected to create a refined yet responsible onboard experience.

Two distinctive interior moods - Classic, inspired by natural earthy tones, and Contemporary, featuring lighter textures and colors drawn from the sea - offer a sophisticated and modern living environment. The result is a yacht designed not just for cruising, but as a true extension of the owner's lifestyle.
