

**Ferretti 500**

# Ferretti 500

The Ferretti Yachts 500 stands out with its sharp, elegant lines and distinctive floating roof design, creating a modern and dynamic profile on the water.

The yacht offers one of the most spacious flybridges in its class, featuring generous sun lounging areas, a fully equipped cockpit, and seamless indoor-outdoor flow through large sliding glass doors.

On board, the layout is designed for both comfort and functionality. The full-beam master cabin provides a private retreat with its own bathroom, ample storage, and refined finishes. Additional guest cabins ensure comfortable accommodation for family and friends, while a separate crew cabin enhances privacy and service.

Powered by twin CUMMINS QSB 6.7 engines delivering 550 HP each, the Ferretti Yachts 500 reaches speeds up to 30 knots. Equipped with premium options such as Seakeeper stabilization, air conditioning, and advanced onboard systems, she is perfectly suited for effortless cruising.
